Re: Keystone Sanitation Company

Dear Sir:

I am writing in response to your letter of September 10, 1970. As it has been necessary for me to be out of town much of the time during the past several weeks, I hope you will forgive this delay.

It will be necessary that the information asked for in Page I of the Site Application Module be provided. As stated in my letter of July 3, 1970, we do not have any geological data on this site.

Permit #100001 issued to the Keystone Sanitation Company is a conditional permit upon anticipation that their site plan would be completed prior to December 31, 1970. Should time be required to complete the plan beyond this expiration date, a specific time extension request should be made to our office.

Feel free to contact me if you have any questions regarding this matter.

Very truly yours,

PHILIP E. SCOTT  
Sanitarian-In-Charge
